

JUICY + ORGANIC + YUM

THE JOY JOURNAL

We want to welcome you all to our very first newsletter at JOY and thank you for coming on this journey with us.

We have been busy on all of the behind-the-scenes work here at Joy. Making our space feel as fresh and organic as our menu.

Bright, welcoming, healthy, joyful.

As the saying goes, it takes a village. And we always knew we had a great community but this journey has shown us how great it is to start a business in Glen Ellyn.

This month we highlight:

WHY COLD-PRESSED JUICE?

Organic fruits and veggies are chopped and then SQUEEZED in an amazing juicer that keeps all the nutrients and health properties preserved without any heat.

The juice that results is full of nutrients and live enzymes that are ready to fuel your body! It's a simple way to get loads of nourishment, vitamins, and minerals in one quick and delicious drink.

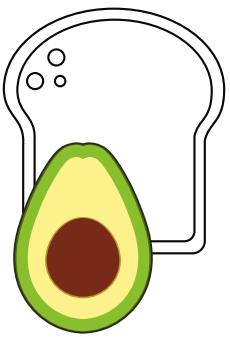

Because you are our first loyal followers, we would also like to let you know a few other items we are so excited to be offering!

We will have fresh salads daily in our grab-n-go **JoyFuel Fridge**

Offering 5 **smoothie and juice options**, along with seasonal specials

Excited to offer some **delicious toast**, with a variety of spreads and toppings (avocado anyone?)

We are proud to be serving **Intelligentsia** Coffee & Tea

WE'D LIKE TO THANK SOME OF OUR HONORARY

JOY SQUAD

who have helped us make this dream a reality!

- Two Hands Interiors
- Erin German Design
- Stamco Construction
- Sunset6 Web Design
- Rise Fitness Studio
- James McLaughlin
